Sir:

YEDA RESEARCH AND DEVELOPMENT CO. LTD., a corporation of the Country of Israel, having a principal place of business at Weizmann Institute of Science, P.O. Box 95, Rehovot, Israel 76100, (hereinafter referred to as "Assignee"), is the owner of 100% of the entire right, title and interest in the present application and any patent to be granted thereon. Assignee, through its undersigned attorney of record, hereby disclaims the terminal part of any patent granted on the present application (identified above) that would extend beyond the expiration date of the full statutory term of United States

Patent No. 6,835,711, plus any extension thereof which may be subsequently granted, and hereby agrees that any patent so granted on the present application shall be enforceable only for and during such period that said patent is commonly owned with United States Patent No. 6,835,711, this agreement to run with any patent granted on the present application and to be binding upon the grantor, its successors or assigns. This terminal disclaimer is being made without waiver of petitioner's rights under 35 U.S.C. §156, or elsewhere, which may be available to extend the term of any patent granted on the present application beyond the date set by this terminal disclaimer (37 C.F.R. §1.775(a)).

It is Assignee's intent that the amount of time disclaimed and the scope of the common ownership clause be the

The statutory disclaimer fee of \$65.00 for a small entity per 37 C.F.R. §1.20(d) is attached.
